# THEME

*To thee, R.F.A.  
Our allegiance we bring  
With truth and loyalty.  
As comrades we come  
With our minds seeking light  
And our spirits bold and free.  
O, dear Alma Mater,  
We will honor thee more and more;  
So teach us to be true to thee,  
Alma Mater, R.F.A.*

We, the class of 1961, feel that each line of our school's *Alma Mater* represents some phase of life at Rome Free Academy. Therefore, we have chosen our *Alma Mater* as the theme for the 1961 edition of the *De-O-Wain-Sta*. We are using these words, written by Mr. John O. Lundblad, former music teacher at R.F.A., to point out the highlights of our senior year. We sincerely hope you will realize our pride in our alma mater and our endeavor to live up to her ideals.

Permit us to introduce "SCHOOL SPIRIT." Since he has meant a lot to us during our years at Rome Free Academy, we have asked him to guide you through this book, the chronicle of our high school careers.

## WITH TRUTH AND LOYALTY

LYNDON H. STROUGH

*Superintendent*

A high school diploma is a key to the door of opportunity — opportunity for success and a fuller life, for better understanding of the world and its people.

You make use of the key only when you have the initiative to turn the key in the lock and the ambition to open the door.

May each of you find your heart's desire beyond the door.

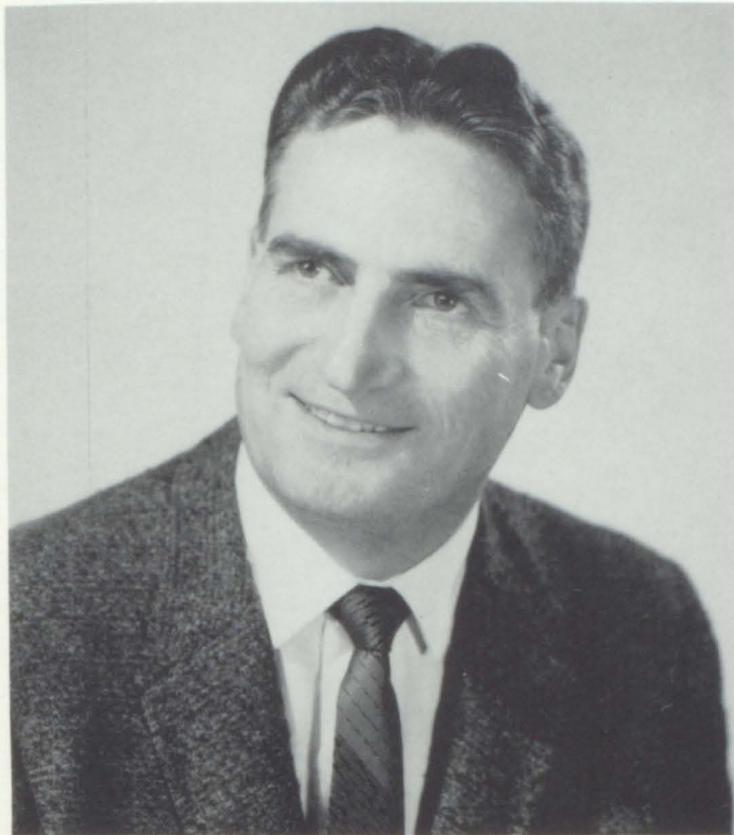

## Board of Education

The students of Rome Free Academy are privileged to have a group of citizens as thoughtful and dependable as the members of the Board of Education. Their dedicated effort to supply us with the modern equipment we utilize day in and day out is deeply appreciated. We, the class of 1961, are grateful for the fine service and for the wonderful educational system that this group has made possible to all of us.

## Principals

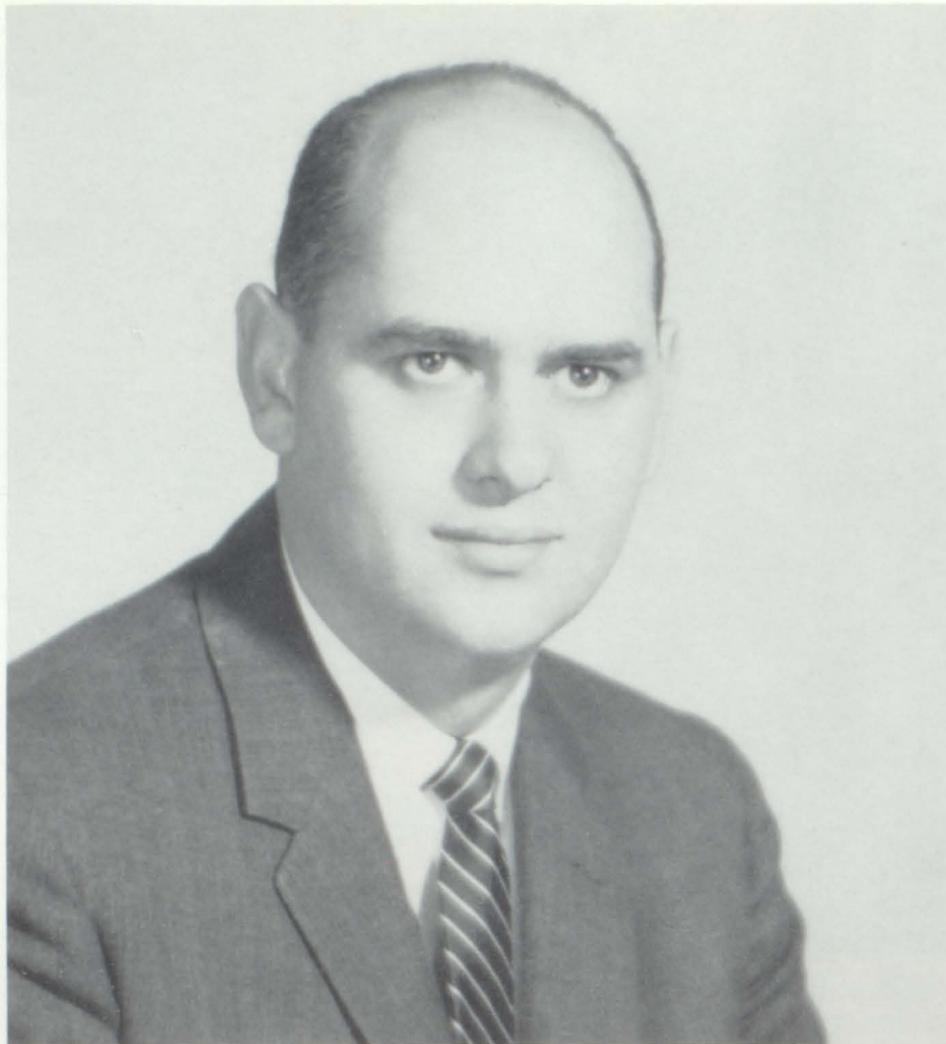

Carl S. Paige

The theme chosen for the 1961 yearbook is the Alma Mater. Translated from the Latin, Alma Mater means "foster mother" or "protecting mother". We hope that Rome Free Academy has served you in this capacity during the years you have spent here — that, like a mother, her guidance and inspiration have led you to do your best work. Your Alma Mater takes pride in your achievements. May the experience you have gained in Rome Free Academy help you to attain the high goals to which you aspire.

As the years pass, you will have many memories of Rome Free Academy. May these memories be pleasant ones, and may you so live and achieve that your Alma Mater will be proud of you.

Myron J. Whittemore

## Dedication

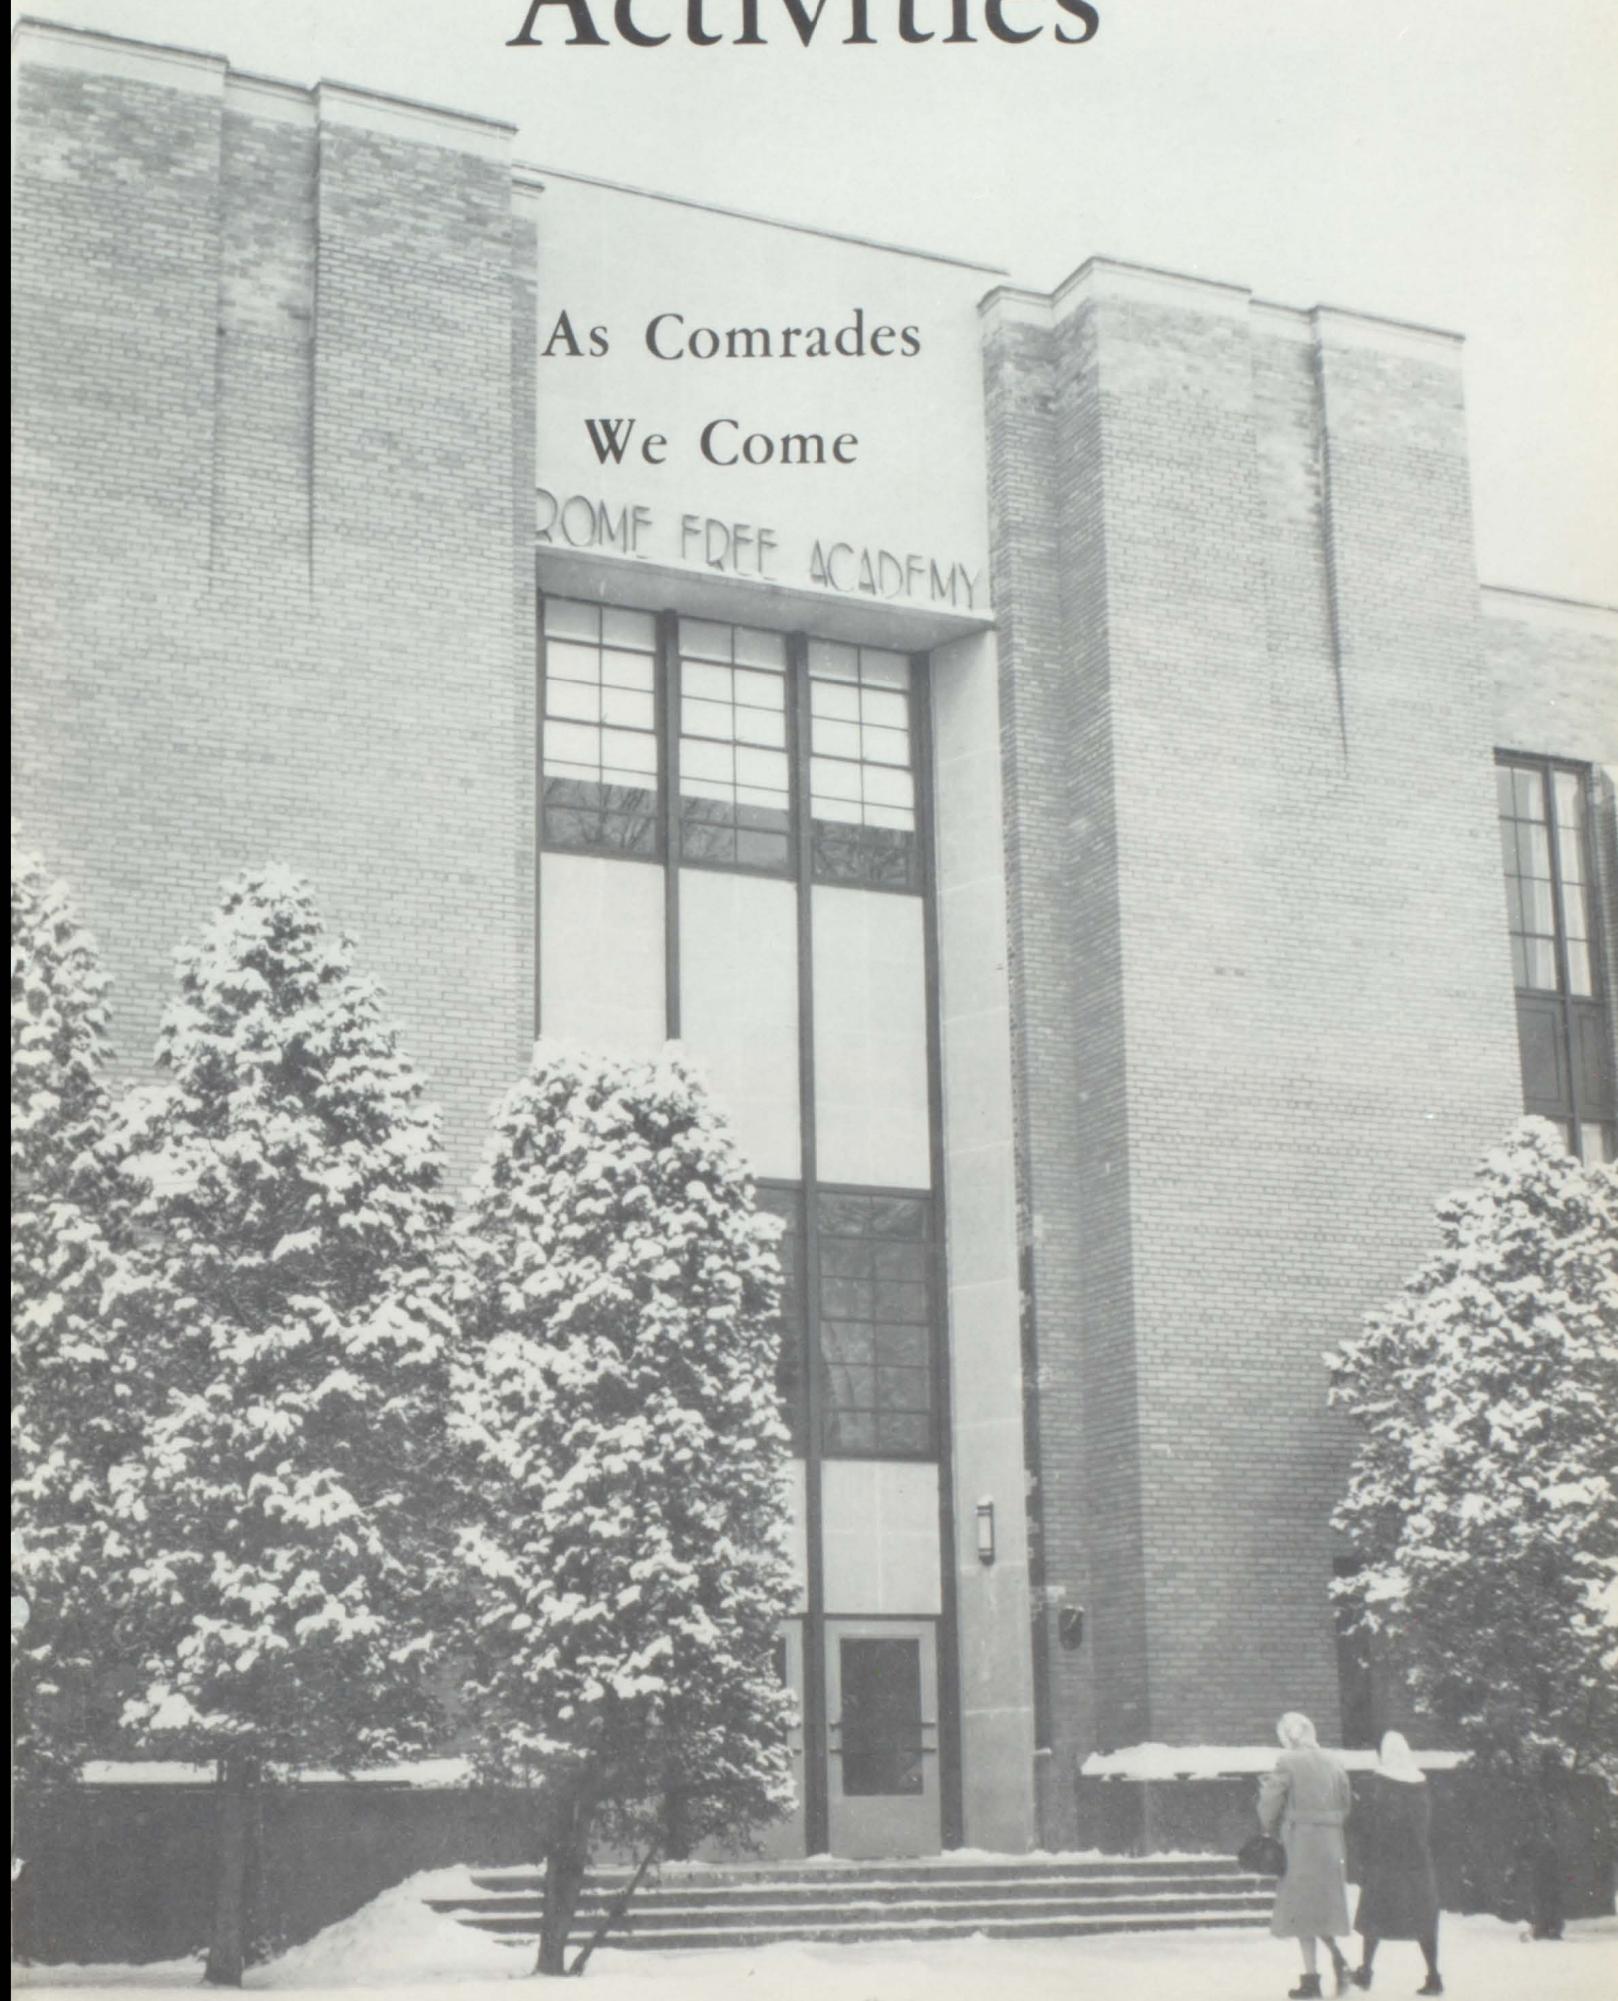

We, the class of 1961, enthusiastically dedicate this year's *De-O-Wain-Sta* to Mr. JOSEPH UVANNI, a chemistry teacher at Rome Free Academy. Not only has he gained the respect of his students, but he has earned their friendship as well. Mr. Uvanni's sense of justice, quick humor, and thorough teaching methods are traits which we all admire. He has always shown an interest in R.F.A. students and their activities, both inside and outside the classroom.

Therefore, we, the Rome Free Academy class of 1961, because we believe Joseph Uvanni to be one of the finest individuals we know, give him this special salute in our yearbook.

Mr. Franklin Pelkey, director of student functions, is the supervisor of this group. This year the association has sponsored the annual Polio Drive, dances, the Talent Show, and plans for graduation. Also this year plans have been suggested for the sponsoring of a student exchange at R.F.A.

Ideas proposed by the cabinet are brought to the council where each homeroom has equal representation in voting on these ideas.

This year the student council has carried out its usual business and has also sponsored a Muscular Dystrophy Dance, ticket selling for the Senior Play, and helped to keep the school in good operating conditions.

Many were thrilled as the colorful band spritely performed half-time shows at football games. The band gave unique performances at numerous school assemblies throughout Rome and participated in such programs as the School Music Festival and the annual spring contest. This organization has inspired not only its members to continue their musical education, but also has encouraged others to begin an instrument.

## English Department

Grammar is only one of the many fields that must be mastered by the English student at Rome Free Academy. Aside from the required reading, the program is designed to inspire the student to explore the field of literature on his own. *David Copperfield*, *Macbeth*, and *Hamlet* are familiar figures studied in detail by most classes. The writing of various themes, compositions and term papers gives the student an opportunity to develop his own style of writing.

## History Department

A knowledge of former civilizations and cultures is vital to a well-educated person. It is important in evaluating present conditions. By learning about the past we may better understand the present and even predict the future. This is the aim of the history department at Rome Free Academy. Among the courses offered are World History, Government, American History and Economics.

A Historical Society has been organized to enable interested students to apply their knowledge of history and specialize in various fields. Sponsored by Mr. Ball and Mr. Hagerty, this organization has done everything from excavating for Indian relics to holding a dance to raise money for a diorama for the museum. Members of the club have given a great deal of time to research, copying old letters, and filing at the museum. They have also sent delegates to the State Yoker Convention in Buffalo.

## Science Department

During this day and age, man is making some of the greatest scientific achievements in history. The Science Department at R.F.A., offering every course from Earth Science to Physics, prepares us for understanding and perhaps in the future aiding in these discoveries and advancements. Our Alma Mater will help us to live in an expanding physical world and will widen our intellectual horizons so that in the future we may be able to look back and be grateful for the scientific training we have received at Rome Free Academy.

## Math and Business Departments

Among the math courses taken by R.F.A. students in the college entrance course are elementary, intermediate, and advanced algebra, plane and solid geometry, and plane trigonometry. Angles, logarithms, tangents and parallelograms are but a few of the terms familiar to these students. Those interested in engineering or technology generally take the most advanced of the math courses. Memorization of formulas is important in math, but even more important is understanding the derivation and principles behind them. The solution of problems, identities, and equations helps the student to develop a system of logical thinking which is also useful in other fields.

Many students at R.F.A. prefer a commercial course. Courses in typing, shorthand, bookkeeping, office practice, and secretarial training prepare students for various occupations in the business world, or prepare them to go on to a secretarial school. Some commercial students gain valuable experience by working in the school bookstore.

## Industrial Arts

Rome Free Academy has a very good program of industrial arts. The Auto Mechanics Division, headed by Mr. Manwaring, has through the years enabled many a young man to learn the fundamentals of good mechanics. In the Printing Shop or Graphic Arts as Mr. Auchmoody prefers to call it, the journalistic minded student may learn the do's and don'ts of setting type and the arrangement of the printed page. The goal of the machine shop, under the supervision of Mr. Davison, is to give the young men an understanding of the machines and the responsibility of a reliable machinist. The Electricity Shop, a course taught by Mr. Fontaine, gives the student, with or without the knowledge of electricity, a chance either to further his learnings or to acquire first hand information about the practical application of electricity. The Wood Shop, whose instructor is Mr. Michael, provides an excellent opportunity for a student to show his talents in wood working. To the industrial-minded student the courses at R.F.A. offer many opportunities.

## Library

The school library, headed by Mrs. Arthur and Mrs. Pelkey, provides a pleasant place for study and research. The large supply of books on hand ranging from magazines to novels written in foreign languages, and the many new books received enable the student to fill his spare time with reading in any field of interest. The Library Council helps with the numerous duties found in maintaining an efficient library.

Guidance is a very important word at Rome Free Academy. The Guidance Department shows its interest in the individual not only by advising him as to what courses to take in school but also by helping him plan his future. The Vocational Program sponsors talks giving the pupils first hand information about different occupations. Another great aid to the undecided student is the very fine program of college conferences designed to inform students about various schools.

Driver Education is a wonderful thing. To Rome Free Academy students it means more than just getting a "blue card." Not many high schools are fortunate enough to have the facilities that we have. The experience gained from the "trainer" is invaluable since it teaches us how to react to real life situations with no actual danger to us. It has been proven that students who have taken courses in Driver Education are better drivers than those who have not had this advantage.

The traditional competitive spirit between Rome Free Academy and Utica Free Academy was again at its peak in '60. The Pep rally and Bonfire started the ball rolling. To our delight, R.F.A. won the game for the second time in a row. Practically the whole school turned out for the funeral and with no remorse U.F.A. was buried.

The cast included: John Knauer, Nancy Yacobiszyn, Ellen Manwaring, Dave Kunkel, Judith Hayes, Leslie Fitler, Sonja Burneko, Barbara Finnegan, Diane DiCaprio, Chris Wilson, William Weidenfeller, David Grow, Bonnie Dixon, Penny Pendleton, Karen Gemberling, John Giustino.

Under the capable direction of Coach George Flood and his assistant, Coach Edmund Weed, the Black Knights of Rome Free Academy completed their 70th season with a commendable record of 5 wins — 3 losses. In the grid opener, a nervous Rome team was defeated by the alert, fast-moving Lawrence, Long Island, team which capitalized on several Rome miscues for a 32-13 victory. The following week a smooth moving offense and a rugged defense were combined by R.F.A. to stun the New Hartford eleven by an overwhelming 40-0 score. On October 8, the Black Knights journeyed to New York City to meet the colorful "Purple Tide" of New Rochelle High. The Black Knights dropped this hard fought contest 40-0. Back on home ground the following week, R.F.A. ran roughshod over the gridders of Auburn High to the tune of 49-12. In our second away game, an underdog Rome eleven thwarted the overconfident Proctor team's dream of a C.O.L. championship by defeating them 20-14. Back at the Stadium again on October 28, the Black Knights met near defeat at the hands of the Whitesboro gridders. However, with brilliant team play, the Knights emerged 20-14 victors. The brightest spot in the 1960 season came on November 4, when the traditional R.F.A.-U.F.A. game was played. At the end of the first half, things looked very gloomy for the Black Knights, as they trailed the Titans 14-7. However, brilliant offensive and defensive play in the second half brought R.F.A. a 28-14 conquest of our archrivals. The following week, a high-flying Watertown team invaded the Black Knights' home grounds. On that chilly evening, the numerous cheers of the Watertown fans were as bleak as the weather to the Romans, for R.F.A. went down to their worst defeat of the season, 51-0.

Looking back at the 1960 season, we can be extremely proud of our gridders, who won the Central Oneida League, for on close examination of the record, we see that two teams — New Rochelle and Watertown — who beat the Black Knights, went undefeated, while Lawrence, our other conquerer, lost only one game in their rugged Metropolitan schedule.

Under the direction of Donald Geary, a former Olympic hockey player, the 1960-61 team waged victorious campaigns against several teams from northern New York State. The new team completed their rugged schedule with a commendable record of four wins, seven losses and one tie.

CENTRAL INTERSCHOLASTIC

The 1960 track team, under the able direction of Coach William Coughlin and Coach Robert Garlinghouse, went undefeated in its four dual meets. This undefeated season brought the track team the Central Oneida League championship. The team won further honors in the section three relays and the Central Interscholastic championships by placing first and second respectively in these meets.

The 1960 team was composed primarily of juniors and sophomores, who will be returning to compete in the 1961 track season. This lineup will be bolstered by several of last year's J.V. track members, who will move up to the varsity level in '61. With this combined force, the 1961 team appears very promising.

The Varsity Cross Country team, under the direction of Coach William Coughlin, finished their third consecutive undefeated season in 1960. The team defeated U.F.A., Proctor, Notre Dame, and Whitesboro to capture the Central Oneida League Championship for the third successive year. The team has retired the C.O.L. Trophy for Cross Country because of this splendid record of the last three years.

Two outstanding members of the 1960 team were Captain Charles Parmalee and Robert Plunkett, both of whom participated in the State Cross Country Meet at West Point.

## Record

Led by Captain John Thayer, the 1960 Rome Free Academy Baseball team won the Central Oneida League title with a record of fourteen wins and one loss. This record was the best at the school in fifty years. Our only loss was to Carthage. The team's leading batter was Jerry Burlison with an average of .475. Our star pitcher was Bill Mulga, who went through the season without a loss. Returning for the 1961 season will be eleven lettermen plus a fine crop of players from the junior varsity team. Team spirit was the outstanding feature of the 1960 team. Although they lost their first game of the season, they bounced back and won their next fourteen games in a row to win the title.

## Officers of 1961

Miss Katherine Clarke, senior class advisor, gives advice to the officers.

## Class History

When, as Sophomores, the class of 1961 entered the doors of Rome Free Academy, we had great expectations. During the year, our truth and loyalty grew steadily. As time progressed, we showed our spirit by electing William Berkman, President; Palma Giardino, Vice-President; Patricia Mandronico, Secretary; and Maureen Wayman, Treasurer of the class. Our officers held our spirits bold and free by helping us sponsor dances and decorate the corridors of our school for the Christmas season.

Honoring our Alma Mater more and more, as Juniors, we were headed by David Grow, President; Thomas Spargo, Vice-President; Maureen Wayman, Secretary; and Virginia Guggi, Treasurer. Our main objective was to make our Junior Prom one we would always remember. Using the theme "Bali H'ai," we thought our prom was truly a South Pacific paradise. The highlight of our Junior Year came with the

arrival of our rings. For days we did nothing but admire their gleaming beauty.

Then, as Seniors, with our minds forever seeking light, we chose David Grow, President; Thomas Spargo, Vice-President; Palma Giardino, Secretary; and Virginia Guggi, Treasurer. Our Senior Play, "NUTS IN MAY," started a successful series of events for our Senior Class. Senior pictures and name cards created an important center of interest for several weeks. Seniors eagerly looked forward to the Senior Ball, an event which is dreamt about perhaps more than anything else in our high school life. In anticipation of the Senior Banquet, Commencement, and Alumni Night, we became aware of the fleeting days and the short time left to us in Rome Free Academy. Shortly, we will be gone; but we shall never forget our Alma Mater and the guidance we have received within her walls.

*So be my passing!  
My task accomplished and the day done,  
My wages taken, and in my heart  
Some late lark singing,  
Let me be gathered to the quiet west,  
The sundown splendid and serene  
Death.*

# The Class of 1962

OFFICERS—*Left to Right:* Roberta Tracy, *Secretary*; Thomas Kenjarski, *President*; Bernadette Remick, *Treasurer*; Gerald Weiss, *Vice-President*.

## Class History

The class of '62 began their sojourn at R.F.A. with the election of Thomas Kenjarski, President; Charles Gardinier, Vice-President; Roberta Tracy, Secretary; and Bernadette Remick, Treasurer. Our first big contribution to school life was decorating the halls for the Christmas season. We also held a very successful dance called "February Fantasy."

We started our busy Junior year with Tom Kenjarski, President; Gerard Weiss, Vice-President; Roberta Tracy, Secretary; and Bernadette Remick, Treasurer. Our first big project was to raise money for our prom by having an informal record hop. The Junior Prom, with its theme of "Manhattan Moods" was held January 27, 1961, in the beautifully decorated gym. We marked the end of a wonderful Junior year when we received our class rings late in the spring.

Mr. Hayes  
*Class Advisor*

We worked busily for our Junior Prom which was held January 27, 1961.

# The Class of 1963

OFFICERS — *Left to Right:* Camille Salce, Vice-President; Barbara Pritchard, President; John Delpiano, Treasurer; Susan Luizzi, Secretary.

## Class History

The Freshmen of Staley Junior High and Laurel Junior High joined in September, 1960, to form the class of 1963.

The first big event of the year was the Sophomore election. Barbara Pritchard was chosen President; Camille Salce, Vice-President; Susan Luizzi, Secretary; and John Del Piano, Treasurer; with Mrs. Weinkauf as Advisor.

In December we sponsored the sophomore dance, "Snowflake Hop," which was a big success. We also decorated the halls to put the school in the spirit of Christmas.

Besides attending basketball and football games, we also had a new experience — regents.

Our first year at R. F. A. was wonderful and fascinating, and we are now anxious to see what R. F. A. has in store for us in the future.

Mrs. Weinkauf  
Class Advisor

The speeches were great in our election assembly.

Honor System during Regents Week

Mrs. Weinkauf: "Did you write this poem yourself?"

Fred Pfeiffer: "Every line of it."

Mrs. Weinkauf: "Well, I'm glad to meet you Mr. Poe. I thought you died many years ago."

The more you study, the more you know.  
The more you know, the more you forget.  
The more you forget, the less you know.  
The less you know, the less you forget.  
The less you forget, the more you know.

#### WHY STUDY?

He: "Look. Ziankowski is going to kick a goal."  
She: "He is? What did the goal do?"

Jody Dillow: "You dance very well."  
Muriel Stratton: "I wish I could say the same for you."  
Jody Dillow: "You could if you were as big a liar as I am."

Mr. Stockwell: "Now, I will pass out. . . ."  
Student: "Hooray."

Peggy Joannis: "Last summer I was in a horrible accident. Luckily I was almost killed."  
Listener: "Luckily?"  
Peggy: "Yes, I wasn't."

Reporter: "Why do you spend so much time in the penalty box?"  
Whitey Burth: "I play dirty hockey."

Saint Peter: "How did you get up here?"  
New Arrival: "Flu."

The fans go wild in the stands.
